ELECTRONIC DIRECT DEPOSIT

As an added service, Pensions and Benefits USA offers to you electronic direct deposit of your monthly pension benefit. With your written authorization, we will **electronically** deposit your pension in your account at the financial institution of your choice. Automatically, each month your money will be in your account ready for you to use, the same day as deposit.

With electronic direct deposit you won't have to worry about losing the check or delays in the mail. You also won't have to worry when you're on vacation or out of town. Your check will be available in your account on the normal payment date. If the normal payment date falls on a weekend or holiday, the funds would be available on the business day prior to the normal payment date.

If you would like to take advantage of this service, please fill out the section below and enclose a voided personal check that has your name pre-printed on it. Return the form and the check to the Pensions and Benefits office.

I hereby authorize the Global Treasury Services office to initiate credit entries and, if necessary, debit entries and adjustments for any credit entries in error to my account at the following depository institution:
